

Test Cases Validation for ScholarSphere Project

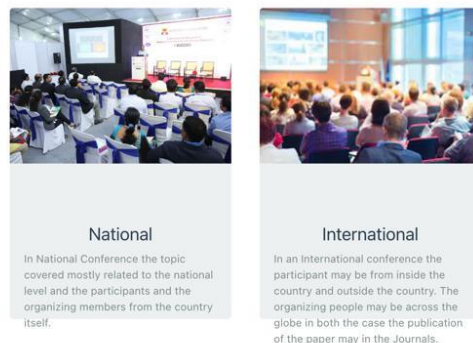

Lakshminath Reddy Alamuru

Having some of the screenshots for validation of test cases in the scholar sphere project.

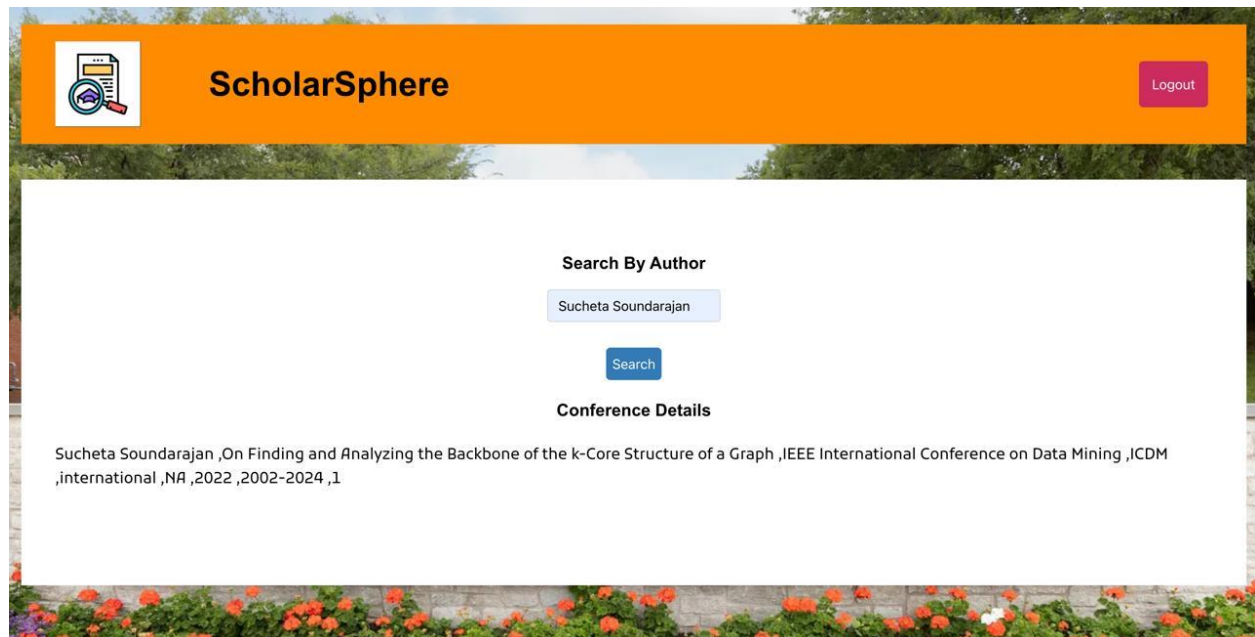

Initial Web page after we open immediately

When we click on Conference, it shows two different option, One is National, and Other is International.

After clicking on international, Had searched by author with Sucheta Soundarajan

Searched by Year as well, we can see result in the below screenshot.

Search By Year
